In the claims

Please amend the claims with the following:

- 5 11. The gaming apparatus of Claim 10 further comprising a first pay line extending between
the centers of said first group and said second group, a second pay line extending
between the centers of said second group and said third group, and a third pay line
extending between the centers of said third group and said first group.
- 10 13. The gaming apparatus of Claim 9 further comprising a payline that incorporates all the
wheels.
17. A method of playing a game of chance, comprising the steps of:
- 15 (A) placing a position bet;
- (B) spinning at least two groups of concentric wheels having indicia on a viewable
annular surface, each of said group having at least two wheels therein;
- (C) stopping, randomly, said spinning wheels;
- (D) evaluating aligned indicia at predetermined locations to determine winnings based
on preselected combinations and pay ratios; and
- 20 (E) paying said winnings.
18. A gaming apparatus for playing a game of chance, comprising:
- (A) a plurality of concentric and rotatable wheels, each having a viewable annular
surface, further comprising a first viewable surface identified as an inner most
